

PIADS - CORE VALUES

Excellence and continuous enrichment

PIADS upholds the culture of excellence through continuous enrichment of all academic and administrative processes. It is achieved by strictly adhering to the highest standards in quality of teaching learning process and striving for continuous improvement in all activities associated with teaching learning. The aim is to achieve global standards in all the spheres of activities of an academic institution.

Learning beyond syllabus

Being a student-centered institute, we are committed to provide best educational experience to every student. One of the ways of achieving this is to offer knowledge beyond syllabus. This is accomplished through, summer & winter school workshops held by faculty, and guest lectures by eminent professionals. Seminars on specific topics by in house as well as outside expert are regularly arranged for the benefit of students as well as faculty, to widen the knowledge horizon

Accountability & Integrity

Accountability and integrity are some of the important values to be exercised at the workplace by an individual. At PIADS the culture of accountability prevails where one is answerable for an action. When students and faculty as well as employers and employees are mutually accountable to each other; there is a mutual trust. This along with integrity can help provide all the stake holders with a sense of empowerment and belonging. This atmosphere helps individual to perform better with more efficiency and creativity.

Social Responsibility

The institute endeavors to develop the students into responsible citizen who are fully aware of their social responsibility. The institute inculcate in students values to uphold the highest standard of professionalism, humanity, social responsibility, gender neutrality, and environmental awareness.

As a part of this “oath” is administered to fresher admitted to institute at “Induction Program” and at the successful completion of their graduation and “Graduation Ceremony”.
